

## **CrossPointe's Covid Attendance Policy**

Due to the latest increase of COVID cases, we feel it's important to remind everyone of our policy, especially concerning individuals who are quarantined due to a COVID related issue, whether affected or due to contact with another who is. Any adult or child who has been told to quarantine should not be attending in person any Worship Service, Ministry or other group activity associated with CPFC until the quarantine period is completed and no symptoms or illness is present.
